 Subject: 2009 Earth Hour and Earth Day

Dear Mayor, Councillors and associates

The dates for the 2009 Earth Hour and Earth Day events have been announced. Earlier this year, you participated in Earth Day and I would like to encourage you and your staff to do the same again next year.

Please list the dates on your websites, in your newsletters and tell people about what you're doing and what they can do. Every year, more and more people are being educated about the importance of sustainability and its important to continue the fabulous work that you are doing. It seems so silly to have to continue spreading the message but I see waste on a daily basis in businesses and in my local housing area, as I'm quite sure you do. Some people just need to be reminded !
