Subject: Value for Services poll

I am not sure of the value of a poll that can be entered numerous times, by anybody, including non-residents, employees, or single issue groups.

A valid poll should be either mailed directly to residents and or have security entrant, per tax notice or a similar unique validation.

The poll itself is also rather self serving as it does not provide the voter from ranking pre-identifying "pre-listed" cost saving measures and or areas of cost saving.

le if one is "dissatisfied" perhaps the voter could choose a % reduction in the 2010 budget for that department , might be rather illuminating.

()

A very dissatisfied poll entrant
