Meeting Notice -
June 2009 - F...

Mayor Goldsmith Jones and Councillors:

On behalf of Collingwood School, I want to inform you of a neighbourhood meeting that will be held this Thursday, June 4th to discuss the construction project that is about to commence for the modest expansion of the school at the Wentworth campus. At our neighbourhood meeting in January, Collingwood promised to hold another meeting prior to the start of construction to outline various measures that will be initiated that are intended to reduce impacts on the neighbourhood during the construction period.

It is my understanding that Geri Boyle and Brent Dozzi of the District are hoping to be in attendance.

Should you have any questions, please do not hesitate to contact me.

Michael

COLLINGWOOD SCHOOL

OFFICE OF THE HEADMASTER

MODEST SCHOOL EXPANSION PROJECT ABOUT TO COMMENCE

In January 2009, Collingwood School held an information meeting to inform the neighbourhood of its intention to undertake a modest expansion of the School's Wentworth campus.

Four new classrooms for Grade 6 students and some ancillary space will be added to the School within a new two storey structure on the east side of the existing school, along the south side of the existing field.

The construction project is intended to start soon after the 2009 school year is over and is expected take place over a 10 - 12 month period.

Collingwood School is cognizant of the effects that a construction project can have on the neighbourhood. To this end, we have been working on plans that are intended to reduce impacts of the construction activity on the neighbourhood.

Collingwood School would like to share its construction mitigation plans with the neighbourhood. A Neighbourhood Information Meeting will be held at 7 PM on 4 June 2009 in the School's Wentworth Library.

We hope that you will join us.
