**Subject:** Terasen's Energy Efficiency and Conservation (EEC) Application to the British Columbia Utilities Commission

**Attachments:** TGI-TGVI Energy Efficiency Conservation-FINAL.pdf

0055-20-TERAI

TGI-TGVI Energy  
Efficiency Con...

(9)

Good Afternoon.

The Terasen Utilities would like to thank you for sending in a Letter of Support for the above-captioned Application.

On April 16, 2009, the Commission approved the vast majority of Terasen's EEC Application, due in no small part to the support that you provided. The Commission's Decision and a link to Terasen's Press Release regarding the Decision are attached. Your acknowledgement and supportive comments on our EEC application added value to the regulatory process and provided a broader level of meaningful stakeholder engagement.

As of May 2009, Terasen Gas will be significantly increasing our level of BCUC interaction as we will be asking for a regulatory review of modifications to our existing service offerings and our relationships with customers. In anticipation of our pending Revenue Requirement Applications to the Commission, we would like to acknowledge your interest and ask for your consideration and hopefully support of information that we will be distributing concerning the Revenue Requirement Application to a broader audience of interested parties.

In advance, thank you for your consideration of our attempts to add value to our customer and business relationships.

Sincerely,

Sarah Smith

Manager, Marketing and Energy Efficiency, Terasen Gas
