Dear West Vancouver Mayor and Council,

With only three weeks to go before Bike to Work Week, we would love to have the West Vancouver Mayor and Council on board as an All Star Team for the event.

All you need to do is bike to work (one day or more) and log it online to show your citizens your actions support sustainable, healthy living:  
<http://www.vacc.bc.ca/bike/bike.php?pageID=4>

The City of North Vancouver announced their challenge to all the Lower Mainland municipalities at the Bike to Work Week launch last week and Mayor Gregor Robertson from Vancouver was there to energetically take on the challenge on behalf of his Council. We'd encourage West Vancouver to do the same.

The City of North Vancouver posted one of the pictures of Mayor Mussatto and Mayor Robertson on the homepage of their website, as well as a link with information about Bike to Work Week and the Council's support for it.

<http://www.cnv.org/>

Also, Mayor Robertson is featured on our countdown poster that went out this past week to thousands of workplace Team Leaders and supporters (attached).

We hope West Vancouver doesn't miss the chance to be profiled as an All Star Team in Bike to Work Week! There are a number of media outlets that are interested in following the story. I hope to hear from you soon.

Best regards,
