Re: Marine Fuel Storage Dispensing Facility – Fishermans Cove

On behalf of the Council of British Columbia Yacht Clubs (CBCYC) I would like to add our support for the reopening of the marine fuel facility at Fishermans Cove.

The facility was an important part of the infrastructure for many boaters not only in West Vancouver but other municipalities in the Lower Mainland and visiting boats from the United States. Inadequate fuel reserves create a real safety concern due to the closure of other facilities in Vancouver Harbour and on the BC coast.

The CBCYC's members support the reopening of this facility for all boaters.

Yours truly

Paul Stanley

Mayor Pamela Goldsmith-Jones and Council
District of West Vancouver

Dear Mayor and Council:

I would like to record my strong belief in the need for restoration of the fuel barge in Fisherman's Cove in the District of West Vancouver.

It is greatly needed by all the boaters that live in our District.

Yours truly,

Subject: fuel dock

Dear Councilors,

I now have to haul my fuel down to the dock myself. Now each time I fuel up I spill a little bit of fuel. Sometime soon I will spill a lot. I am now retired and so it will get more and more difficult to fuel up.

Remember this is the west coast. Boats and the sea is an important part of our culture.

I hope that you can cut some of the red tape and allow the fuel dock to reopen.

Thank you for your considerate attention.
