**Re: Development Variance Permit Application No. 09-002**  
6080 Blink Bonnie Road, West Vancouver

My clients have reviewed their proposed amendments as listed in the Development Permit and have obtained consent/no objections letters from their six [6] immediate neighbors as shown on the attached plan. They tried to contact owners at 6084, 6086, and 6091 but 6084 and 6086 are under construction with no one at home and 6091 is a vacant lot.

The neighborhood appears to be in support of my client's request to Council to legalize the existing and proposed changes.

Respectfully submitted

I am the owner of the adjacent property lying to the south of the above mentioned site. I have reviewed the Variances that Scott Stewart and his wife are requesting to legalize the existing glass guard rail and permit them to cover their front entry and the trellis over the barbecue and I have no problem with these amendments.

We are the owners of 6082 Blink Bonnie Road lying to the north of 6080. We are probably the only neighbours who can see the glass railing on their waterfront deck. The barbecue is not easily visible from our home and we cannot see the front entry. We are pleased with the appearance of the rebuilt home and have no objection to the proposed amendments to legalize the existing and proposed changes.

Yours truly
