Attachments: RE: passenger service to ambleside landing

good morning janine... i am forwarding this message along with my support for the potential water bus from ambleside landing to downtown. this is a remarkable concept and i as well as many others would like to see this put forth to council. it is a win-win in my opinion. as well it could be a potential generator of funds for the city. we would also be doing our part in leaving our cars at home. every major city on the water in the world has water transport, it just makes good sense. thankyou in advance for passing this on to our council for approval.
