**Subject:** The Budget/Balanced Scorecard

My family and I watched the council meeting on Monday and would like to pass on our opinion on where the budget should sit and we vote in favour of the 0% budget - maintain the status quo.

As a family that lives in the WestBay/Westmount area, let me add my voice to those who see the roundabouts and other traffic-calming devices as an inappropriate use of taxpayers' money, especially in these economic times. Councillor Walker got it right; this is an area that could save \$300,000.

Thank you for your attention and hard work.

Regards,
