AWARD FOR FINANCIAL REPORTING

Government Finance Officers Association

Canadian Award for Financial Reporting

Presented to

**District of West Vancouver
British Columbia**

For its Annual
Financial Report
for the Year Ended

December 31, 2016

Christopher P. Morill

Executive Director/CEO

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Canadian Award for Financial Reporting to the District of West Vancouver for its annual financial report for the fiscal year ended December 31, 2016.

In order to be awarded a Canadian Award for Financial Reporting, a government must publish an easily readable and efficiently organized annual financial report, whose contents conform to program standards. Such reports should go beyond the minimum requirements of generally accepted accounting principles and demonstrate an effort to clearly communicate the municipal government's financial picture, enhance an understanding of financial reporting by municipal governments, and address user needs.

A Canadian Award for Financial Reporting is valid for a period of one year only. We believe our current report continues to conform to the Canadian Award for Financial Reporting program requirements and we are submitting it to the GFOA.

OUR VISION

West Vancouver will *inspire excellence* and lead by example.

Collaborative government and a spirit of personal civic commitment will power the innovations that shape our shared future.

The strength of this relationship will secure our treasured quality of life and will be the measure of our success as a community.

OUR MISSION

We champion the opportunities that demonstrate our deep commitment to:

- Foster a sense of shared and individual responsibility for community well being, inclusion, social unity, and respect for our full heritage.
- Protect, restore, and defend our natural environment; legislate efforts to effect positive change.
- Encourage diversity in housing, land use, and innovative infrastructure within our distinct neighbourhoods to meet changing needs.
- Enrich community vitality, health, and understanding through integrating arts, learning, inter-cultural experiences, and physical activity into our daily lives.
- Maximize the potential of our economic base and services, and balancing the effective long-term use of resources for current and future generations.

MESSAGE FROM THE MAYOR

Council continued making progress on its key priorities in 2017: Ambleside Waterfront & Town Centre; Built Form, Housing & Neighbourhood Character; Fiscal Sustainability & Municipal Services; Natural Environment & Climate Action; Official Community Plan Review; Arts, Culture & Heritage; Police Services & Municipal Hall Project and Traffic & Transportation.

October 30, 2017 was a landmark day in West Vancouver, as we officially opened the new Police Services building and a new wing for Municipal Hall. As well as allowing day-to-day operational and service improvements for West Vancouver Police, the new building is seismically-sound and will ensure that police officers and municipal staff are fully able to respond and keep residents safe, every day and also in the wake of a major disaster.

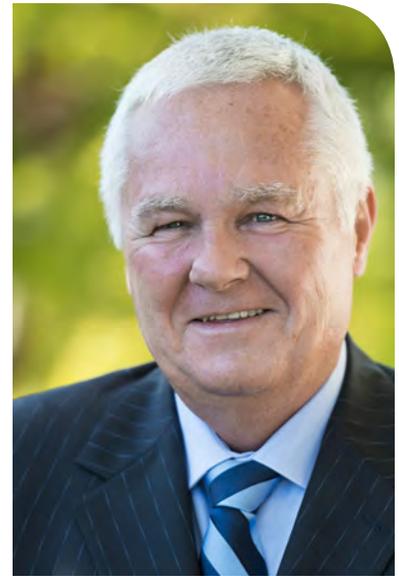

After introducing an asset management levy and asset reserve in 2016, we continued to improve our long-term fiscal position and close the infrastructure funding gap. At the same time, we continued to provide residents with the best in programs and services, respond to emerging community service needs, find a balance between differing opinions for how neighbourhoods should look and feel, protect our natural assets and enhance community vibrancy through arts and culture programming. Our police and fire services provided excellent protection to residents, and our residents continued to enjoy the very best in library services, community recreation and festivals. I thank District staff for their professionalism and commitment with which they deliver on Council's priorities and serve our residents.

Competing demands for limited resources means that Council must, and does, make all its decisions through the lens of sound fiscal policy. It is my commitment to you that we will always maximize the efficiency and impact of every tax dollar spent.

It is an honour and a privilege to serve as your Mayor. Working with Council, staff and with you, we will continue to build a resilient and inclusive West Vancouver.

Mayor Michael Smith

Michael Smith | Mayor of West Vancouver

2016-18 COUNCIL: Peter Lambur, Christine Cassidy, Bill Soprovich, Nora Gambioli, Mayor Michael Smith, Mary-Ann Booth & Craig Cameron

MESSAGE FROM THE CHIEF ADMINISTRATIVE OFFICER

On behalf of the District of West Vancouver, it is my pleasure to present the 2017 Annual Report.

The detailed and audited numbers in this report clearly describe our 2017 financial activities and offer a detailed picture of the District's financial position at year-end. This report has been prepared in accordance with Canadian Generally Accepted Accounting Principles as prescribed by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada.

Other parts of this report offer details of daily operations, progress made on Council's priorities and our accomplishments in our work plans. Together, this information shows that 2017 was a year of significant progress on many fronts.

Council priorities, in combination with the Community Strategic Plan, are the primary drivers of our work. Council's priorities are Ambleside; Waterfront & Town Centre; Built Form, Housing & Neighbourhood Character; Fiscal Sustainability & Municipal Services; Natural Environment & Climate Action; Official Community Plan Review; Arts, Culture & Heritage; Police Services & Municipal Hall Project and Traffic and Transportation.

The District of West Vancouver continues to be one of the best places in the world to live, but we are increasingly faced with forces affecting the Metro Vancouver region. The District of West Vancouver's long-term fiscal position will need to be strengthened if we are to continue to build a resilient community. Rising land values, the ability to move people in and out of West Vancouver, strengthening our local economy, neighbourhood liveability and climate change are all issues that require response from all levels of government, including municipal government.

I am very proud of our dedicated and professional staff, who strive to serve this community with the very best in programs and services.

I would also like to take this opportunity to thank the many citizens who are engaged and involved in our community and provided input on the budget process and our many initiatives. Your contributions ensure that community aspirations and values are reflected in our work.

Sincerely,

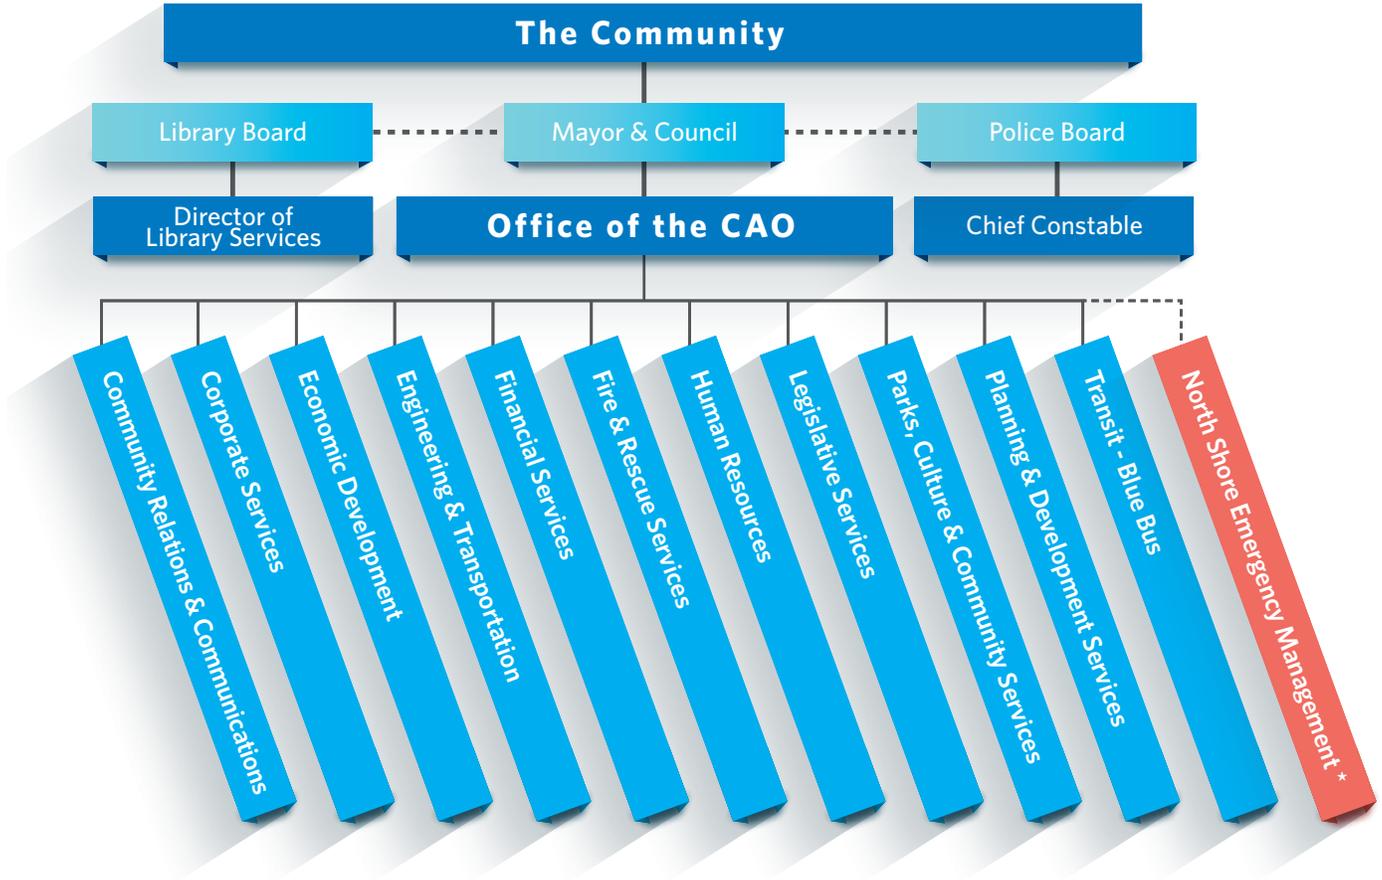

Nina Leemhuis

Nina Leemhuis | Chief Administrative Officer

OFFICE OF THE CAO

The Office of the Chief Administrative Officer leads, coordinates and provides oversight for all District divisions to ensure the District is accomplishing Council's priorities, goals of the community and the District's vision and mission.

The Chief Administrative Officer (CAO) takes direction from Mayor and Council in their roles as governors of the District of West Vancouver. The CAO serves as a link between Council, which sets priorities, and the executive committee, which implements them. The CAO keeps Mayor and Council informed of corporate policies, plans and financial information, and provides them with analysis, options and recommendations. As administrative head of the District, the CAO provides leadership and direction to executive committee members on development and execution of divisional and departmental work plans, while creating the working environment and procedures to allow the executive committee to successfully fulfill their roles. The CAO personally represents the District at all levels in the community, maintains relationships with community groups and agencies, and manages the District's interests on intergovernmental issues.

Nina Leemhuis | Chief Administrative Officer

- integrated land use and transportation planning through the OCP review
- implemented components of the Community Energy & Emissions Plan, including strategic directions around transportation and land use
- supported ongoing regional consideration of improved North Shore Transit Service

2017 OPERATIONAL ACCOMPLISHMENTS

- enhanced permitting process and coordination with land development functions, helping to reduce overall permit processing times
- moved forward with regional coordination initiatives: North Shore Advisory Committee on Disability Issues, Regional Planning Advisory Committee, Regional Permit & Licences Committee and Lower Mainland Technical Committee

POLICE SERVICES

The West Vancouver Police Department (WVPD) is governed by, and reports to, the West Vancouver Police Board. The Mayor is the Chair of the Police Board. The WVPD's jurisdiction includes the District of West Vancouver and the Xwemelch'stn Uxwumixw.

The mission of the WVPD is *Making West Vancouver safe today and safer tomorrow*. To guide us in this mission is our 2016–2019 Strategic Plan. Its purpose is to outline a clear credible framework to achieve our goals, focus the skills, energy and professionalism of our staff on a common set of objectives, initiatives and outcomes, and solidify WVPD's commitment to transparency, accountability and performance measurement.

The three goals we have adopted to guide our decisions and actions as we work to achieve our mission and live our values are:

1. Enhance community safety
2. Promote operational excellence
3. Improve organizational practices

Because circumstances are always changing in the profession of policing, our plan was built to be flexible. Annual business plans allow us to react quickly to the changing needs of the communities we serve while providing exceptional service and staying at the forefront of policing and public safety.

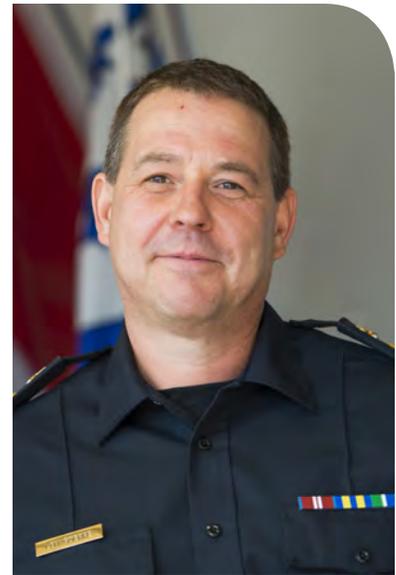

2017 ACCOMPLISHMENTS TO SUPPORT COUNCIL PRIORITIES

Police Services & Municipal Hall Project

- completed the move of all services and operations to the new Police Services Building (PSB)

2017 OPERATIONAL ACCOMPLISHMENTS

- accomplished approximately 65 per cent of 2017 initiatives in support of the WVPD 2016–2019 Strategic Plan
- enhanced service delivery by incorporating the top three issues identified by West Vancouver residents in the 2016 citizen satisfaction survey into the Strategic Plan:
 1. traffic
 2. impaired driving
 3. property crime
- further supported employee health, wellness and engagement via various initiatives
- migrated to the new E-Comm radio network including safety enhancements to cell phone and radio effectiveness in the new PSB

ENGINEERING UTILITY FUNDS

The Water Utility provides for a safe and continuous supply of drinking water to residents by constructing and maintaining water mains, valves, reservoirs and pump stations. This utility includes the operation of the District's state-of-the-art Eagle Lake and Montizambert Creek membrane filtration facilities. The District supplements its own water sources by purchasing bulk treated water from Metro Vancouver.

The Sewer & Drainage Utility provides sanitary sewer and storm drainage services by constructing and maintaining pipes, manholes, culverts and sewage lift stations, and by operating the Citrus Wynd Wastewater Treatment Plant.

The Solid Waste Utility is responsible for collecting and processing household garbage, yard trimmings, the Green Can and recyclables. Since 2016, the utility has also been responsible for funding garbage and recycling services within municipal facilities and parks.

2017 ACCOMPLISHMENTS TO SUPPORT COUNCIL PRIORITIES

Built Form, Housing & Neighbourhood Character

- supported Planning in the review of applications for new development in consideration of solid waste, sanitary and storm, and water servicing, including Area 6 of the Rodgers Creek Area Development Plan

Fiscal Sustainability & Municipal Services

- implemented long-term replacement planning for water assets further to deficiencies, system improvements and upgrades as identified in the Water Master Servicing Study
- completed Annual Sewer and Water System Capital Replacement/Renewal programs
- initiated the development of District Engineering Design Guidelines in conjunction with Land Development, Engineering and Roads & Transportation
- engaged consultant to review the economic and conservation assumptions, fiscal policies, and incorporation of the reserve policy and the 2010 Asset Management Plan to verify and fine-tune the original water, and sewer and drainage financial rate setting model
- reduced ratepayer fees to reflect the current five-year financial forecast for the Solid Waste Utility
- introduced mandatory recycling and mandatory organics diversion for all sectors
- introduced new requirements for solid waste diversion reporting at demolition sites
- conducted the procurement process for a new garbage and organics collection contract
- continued to implement localized solid waste diversion programming within the District
- began a one-year recycling pilot project in the Horseshoe Bay business district

Natural Environment & Climate Action

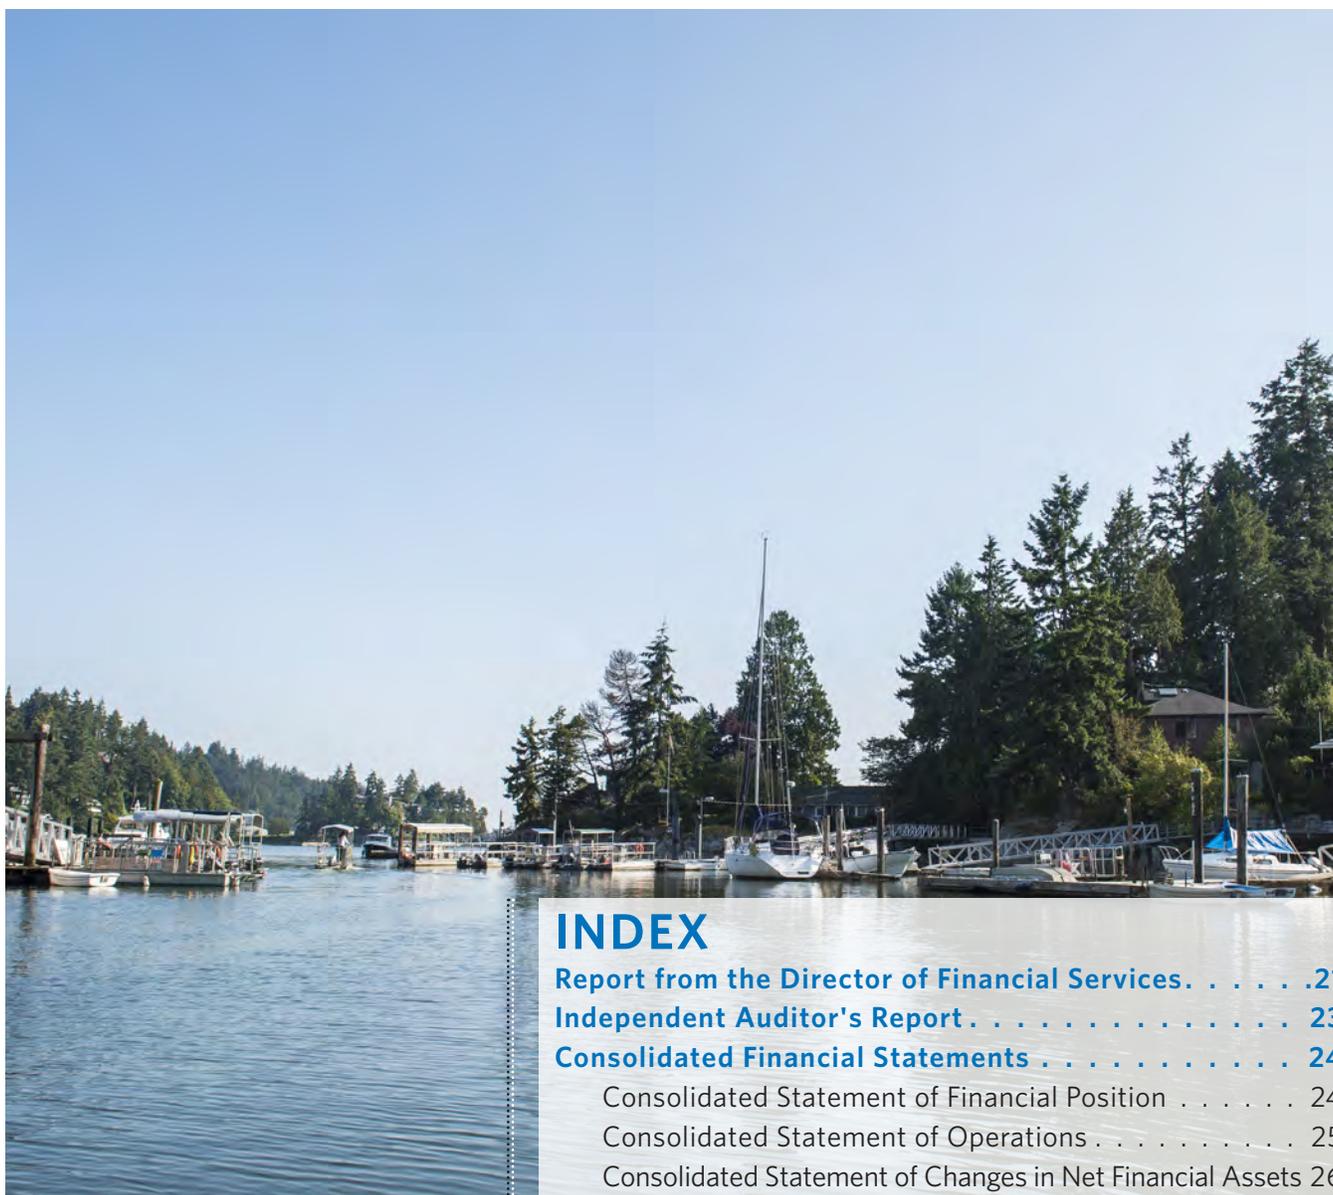

- provided assistance on cross-departmental collaborations that support environmental and sustainability projects

REPORT FROM THE DIRECTOR OF FINANCIAL SERVICES

Your Worship and Members of Council:

I am pleased to present the Annual Financial Report for the District of West Vancouver (District) for the year ended December 31, 2017.

The preparation and presentation of the annual financial statements, and of related information in the 2017 Annual Report, are the responsibility of the District's Financial Services Division. These consolidated financial statements were prepared in accordance with Canadian Generally Accepted Accounting Principles (GAAP) as prescribed by the Public Sector Accounting Board (PSAB) of the Chartered Professional Accountants of Canada (CPA Canada).

The District continues to maintain and to improve upon its comprehensive system of internal controls to safeguard District assets and to provide reliable financial information. The system is regularly evaluated and revised to ensure that these controls are operating as intended. Achievements in this area in 2017 include the establishment of new Land and Affordable Housing funds, establishment of a new framework for evaluating community-proposed assets, a new sponsorship and naming rights policy, the establishment of a corporate KPI program, restructuring of the utility rates and the continued publication of quarterly financial reports.

The Notes to the Consolidated Financial Statements are an integral part of the District's financial information and, as such, I encourage you to read them thoroughly. The notes describe the District's accounting policies and provide full disclosure of the more significant financial statement items, commitments and contingencies.

The District's independent auditors, BDO Canada LLP, have been engaged to express an opinion as to whether these financial statements present fairly, in all material respects, the District's financial position, financial activities and cash flows in accordance with Canadian generally accepted accounting principles. BDO Canada LLP has been given unrestricted access to all financial and other records of the District. Their opinion, which follows, is based on procedures that they consider sufficient to support their audit opinion.

FINANCIAL OVERVIEW

The District's overall financial position continues to improve in 2017 as evidenced by a \$23.2 million increase to the year-end accumulated surplus balance (2017: \$523.8 million; 2016: \$500.6 million).

The District's net financial asset balance at the 2017 year-end, \$23.0 million, is a \$2.5 million decrease over the 2016 year-end balance (\$25.5 million), which is an indication that the District should look carefully, in future, at strengthening its availability of financial resources. Like many of its residents, the District is land rich, but cash poor. This may lead to a need to borrow funds for future major capital replacement projects, or to seek new strategies designed to build up financial assets.

The District's non-financial assets totalled \$500.8 million at the 2017 year-end, an increase of \$25.7 million over the prior year. The increase is attributable primarily to the addition of the new Police Services & Municipal Hall building.

Operational revenues totalled \$165.6 million in 2017, which is an increase of \$12.8 million over 2016. This was attributable to the increases approved for general taxation and the asset levy, which added \$3.3 million to District tax collection, and to an additional \$2.0 million collected in fees and charges, primarily due to the approved increases to utility rates. Along with these increases, contributions to capital increased by \$7.1 million, due to significant works created due to development in Rogers Area 6, along with a provincial contribution of \$4.1 million for a new sewer lift station at Ambleside. Permit revenues fell off by \$887 thousand from 2016 levels, which may indicate a trend to lower construction activity extending into 2018.

Isabel Gordon | Director of Financial Services

The District's cash balance at year-end was \$80.4 million, an increase of \$20.3 million over 2016. This was due to moving funds out of investments and into a new high interest savings account created by the Municipal Finance Authority. Return on investments continues to be a concern, as investment revenues declined by \$370 thousand, primarily due to low interest rates. Combined cash and investments changed by only \$8.4 million, due to Amenity Contributions of \$8.3 million which contributed to the cash balance.

The net book value of Tangible Capital Assets, shown on the District's Statement of Financial Position, totalled \$494.4 million at December 31, 2017. The total cost of these assets, which represents the District's investment in infrastructure, facilities and other capital assets over time, is \$798.7 million, which is an increase of \$36.8 million over 2016, again, primarily due to the addition of the new Police Services & Municipal Hall building.

Accumulated amortization totalled \$304.3 million at December 31, 2017, of which \$11.4 million was expensed in 2017.

BUDGET VARIANCE

Consolidated revenues exceeded budget by \$16.3 million in 2017.

- *Community amenity contributions received totaling \$8.3 million were not included in the budget.*
- *Contributions to capital exceeded budget by \$7.2 million.*

In 2017, consolidated expenses exceeded budget by \$859 thousand. This was comparable to the 2016 average, which was \$779 thousand.

Engineering operations experienced overages due to the need to react to severe winter road conditions. These overages were managed using a contingency account, but, if severe and unusual weather conditions become the norm, budgets in this area will need to be increased. The Water Utility also continues to face challenges in reacting to weather conditions and managing Eagle Lake production, resulting in unanticipated purchases of water from Metro Vancouver, leading to a budget variance of \$854 thousand.

RESERVES

The District's reserve balances increased from \$74.2 million to \$76 million, an increase of \$1.8 million. The funds held for the Police Services & Municipal Hall Project were reduced by \$11.6 million, but this decrease was offset by increases to the amenity funds reserve (\$7.7 million), the asset reserves (\$2.3 million) and the sewer capital reserve (\$3.3 million).

In conclusion, I would like to acknowledge the members of the Finance Committee for their contributions to the development of new and innovative Finance policies and procedures for the District.

And, finally, I would like to thank all the municipal staff and staff in the Financial Services Division in particular, for their diligence and support in managing the financial affairs of the municipality. The goal of fiscal sustainability is not one that Finance alone can achieve, but depends on contributions from all.

*Sincerely,
Isabel Gordon, MBA, CPA, CA

Independent Auditor's Report

To the Mayor and Council of the Corporation of the District of West Vancouver

We have audited the accompanying financial statements of the Corporation of the District of West Vancouver, which comprise the Statement of Financial Position as at December 31, 2017, and the Statements of Operations, Change in Net Financial Assets and Cash Flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly in all material respects, the financial position of the Corporation of the District of West Vancouver as at December 31, 2017 and its results of operations, change in net financial assets and cash flows for the year then ended, in accordance with Canadian public sector accounting standards.

Emphasis of Matter

Without modifying our opinion, we draw attention to Note 19 to the financial statements, which explains that certain comparative information for the year ended December 31, 2016 has been restated.

CONSOLIDATED FINANCIAL STATEMENTS

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the Year Ended December 31, 2017

1. OPERATIONS

The District of West Vancouver (District) was incorporated in 1912 and is subject to the provisions of *Local Government Act* and *Community Charter of British Columbia*. The District's principal activity is the provision of local government services to residents of the incorporated area. These include administrative, protective, transportation, environmental, recreational, water and sanitary services.

2. SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the District have been prepared in accordance with Canadian public sector accounting standards (PSAS) as prescribed by the Public Sector Accounting Board (PSAB) of the Chartered Professional Accountants of Canada.

The significant accounting policies are summarized below:

(a) Basis of Presentation

The financial statements include the assets, liabilities, revenues, expenses and changes in the financial position of the District, including controlled entities, the West Vancouver Municipal Library, the West Vancouver Memorial Library Foundation (Library Foundation) and the West Vancouver Police Department.

(b) Basis of Accounting

The District follows the accrual method of accounting for revenues and expenses. Revenues are recognized in the year in which they are earned and are measurable. Expenses are recognized as they are incurred and are measurable as a result of receipt of goods and services and/or the creation of a legal obligation to pay.

(c) Revenue Recognition

(I) TAXATION

Annual levies for non-optional District services and general administrative services are recorded as General Taxation in the year to which they relate. Levies imposed by other taxing authorities are not included in these financial statements.

(II) LONG-TERM PREPAID LEASE

Prepaid lease payments received by the District are included on the Statement of Financial Position as Deferred Revenue and Deposits. Revenue is recognized on a straight line basis over the term of the lease.

(III) DEFERRED REVENUE AND DEPOSITS

Deferred revenue consists of prepaid property taxes, prepaid business licenses and fees. The District recognizes these revenues in the year the related services are performed and earned.

(d) Non-Financial Assets

Non-financial assets excluding restricted investments are held for use in the provision of goods and services but are not available to discharge existing liabilities. These assets may have a useful life extending beyond the current year and are not intended for sale in the ordinary course of operations. Intangible assets, such as water rights and mineral resources, are not recorded in the financial statements.

(I) TANGIBLE CAPITAL ASSETS (SCHEDULE 2 AND 3)

Tangible capital assets are recorded at cost, which includes amounts that are directly attributable to the acquisition, construction, development or betterment of the assets. The cost, less residual value, of the tangible capital assets, excluding land, are amortized on a straight line basis over their estimated useful life as follows:

	TYPE	MAJOR ASSET CATEGORY	USEFUL LIFE RANGE (YEARS)
general	land		n/a
	land improvements		10-50
	buildings		30-100
	machinery, furniture & equipment		4-15
	vehicles		5-15
infrastructure	streets		10-100
	water		10-100
	sewer		10-100

Amortization is charged over the asset's useful life, commencing when the asset is put into use. Assets under construction are not amortized until the asset is available for use.

The District owns a number of works of art and historical treasures including sculptures, paintings and reproductions, mosaics, totem poles and monuments. These works of art have an approximate market value of \$2.5 million. These assets are not included as part of the tangible capital assets.

Contributed tangible capital assets are recognized at fair market value at the date of contribution and are also recognized as revenue. Where an estimate of fair market value cannot be made, the tangible capital asset is recognized at nominal value. Land is the only category where nominal values are assigned.

(II) INVENTORY

Inventories are recorded at the lower of cost and net realizable value. Cost is determined using the weighted average cost basis.

(III) RESTRICTED INVESTMENTS

Restricted investments represent long-term investments held by the Library Foundation. Although there is the ability to sell these investments they have been presented in these financial statements in the category of Non-Financial Assets. This is because of the requirement that the investments be held in perpetuity and that only related investment earnings can be expended.

(e) Employee Future Benefits

The District and its employees make contributions to the Municipal Pension Plan. The District's contributions are considered expenses as incurred.

Post-employment benefits also accrue to the District's employees. The liabilities related to these benefits are actuarially determined, based on services and best estimates of retirement ages and expected future salary and wage increases. The liabilities under these benefits plans are accrued based on projected benefits as the employees render services necessary to earn the future benefits.

(f) Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the recorded amounts of assets, liabilities, revenues, expenses and contingent liabilities. Significant areas requiring the use of estimates include: 1) employee future benefits payable 2) provisions for contingencies and 3) the useful lives of Tangible Capital Assets. If actual results differ, adjustments are reflected on subsequent financial statements.

(g) Debt

Debt is recorded net of principal repayments and actuarial adjustments.

(h) Investments

Investments in the MFA Money Market Fund, Short Term Bond Fund and Restricted Investments are recorded at market value, which approximates cost.

(i) Development Cost Charge Revenue

Development cost charges are restricted by legislation or by agreement with external parties to expenditures on capital infrastructure. These amounts are deferred upon receipt and are recognized as revenue when the expenditures are incurred in accordance with the restrictions.

(j) Government Transfers

Unrestricted government transfers are recognized as revenue in the year in which the transfer is authorized by the issuing government, and when any eligibility criteria has been met. Restricted government transfers, in the way of grants or other transfers, are recognized as revenue in the year in which any stipulation liabilities are met.

(k) Segment Disclosure

A segment is defined as a distinguishable activity or group of activities of a government for which it is appropriate to separately report financial information. The District has provided definitions of segments used by the District as well as financial information in segment format (Schedule 1).

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS *continued*

For the Year Ended December 31, 2017

(I) Contaminated Sites

A liability for remediation of a contaminated site is recognized at the financial statement date when an environmental standard exists, contamination exceeds the standard, and it is expected that future economic benefits will be given up and the liability can be reasonably estimated.

3. INVESTMENTS

	2017	2016
Municipal Finance Authority of BC		
Money Market Fund	9,853	4,048,019

	4,560,688	4,288,812

4. EMPLOYEE FUTURE BENEFITS PAYABLE

Employees are entitled to earned benefits related to non-vested sick leave, vacation at retirement and retirement allowances. Employees may also defer sick leave gratuity payments.

The liabilities reported in the financial statements are based on an actuarial valuation as at December 31, 2016 that have been extrapolated to December 31, 2017.

The significant actuarial valuation assumptions adopted in measuring the District's accrued benefit liabilities for post-employment benefits are as follows:

	2017	2016
Discount rate	2.90%	3.40%
Expected future inflation rate	2.50%	2.50%
Expected wage increases	2.58% to 4.63%	2.58% to 4.63%
Estimated average remaining service life	11 years	11 years

Employee future benefits payable, as at December 31, are as follows:

	2017	2016
Non-vested sick leave	2,149,300	1,958,000
Vacation at retirement	808,000	746,600
Retirement allowance	2,106,300	1,975,400
Sick leave gratuity pay	878,800	886,800
	5,942,400	5,566,800
Unamortized actuarial (loss)/gain	(845,515)	(502,956)
	5,096,885	5,063,844

The continuity of the District's employee future benefits payable is as follows:

	2017	2016
Accrued benefit obligation, beginning of year	5,566,800	4,843,100
Current service costs	494,000	430,500
Interest costs	196,900	162,300
Plan amendments	(137,100)	-
Actual benefits paid	(705,675)	(290,520)
Actuarial (gain)/loss arising in the period	527,475	421,420
Accrued benefit obligation, end of year	5,942,400	5,566,800
Unamortized actuarial (loss)/gain	(845,515)	(502,956)
	5,096,885	5,063,844

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS *continued*

For the Year Ended December 31, 2017

5. DEFERRED REVENUE AND DEPOSITS

	2017	2016
Long-term prepaid lease	13,792,241	13,908,241
Prepaid taxes	6,789,134	6,670,988
Deposits	28,559,216	21,386,401
Memberships, fees & other revenues	5,793,525	5,387,265
	54,934,116	47,333,895

Deferred Revenue and Deposits are short term in nature, with the exception of the Long-Term Prepaid Lease, which will be recognized as revenue over the 125-year term of the lease (Note 11 (d)).

6. DEFERRED DEVELOPMENT COST CHARGES

These funds are restricted by bylaw to the purposes for which they were collected from developers. Separate accounts hold funds that are to be used for underground wiring, waterworks infrastructure, drainage, roads and parks and open space projects in specific areas. Expenditures require budgetary authorization within the purposes authorized in the establishing bylaws. The deferred development cost charges are the District's only restricted revenues. There were no developments for which deferred development charges were waived or reduced in 2017.

Continuity of Deferred Development Cost Charges:

	Opening Balances	Current Year Receipts	Interest Earned	Amounts Spent	Closing Balance
General Fund					
Highways	6,005,999	15,984	51,722	-	6,073,705

	22,775,305	680,578	129,736	(291,115)	23,294,504

7. DEBT

The rates of interest on the principal amount of the MFA debentures vary between 2.60% and 4.90% per annum. The District issues debt instruments through the MFA, pursuant to security-issuing bylaws under authority of the Community Charter, to finance certain capital expenditures.

Outstanding debt:

	2017	2016
Various Infrastructure Loans*	35,371,839	34,622,377
Repayments and Actuarial Adjustments	(1,139,454)	(4,944,661)
	34,232,385	29,677,716

*Includes borrowing proceeds for new public safety building construction.

Repayments of debt required in the next five years and thereafter are as follows:

	Interest	Principal & Actuarial	Total
2018	1,274,427	1,222,404	2,496,831
2019	1,274,427	1,267,169	2,541,596
2020	1,274,427	1,313,586	2,588,013
2021	1,274,427	1,361,716	2,636,143
2022	1,274,427	1,411,623	2,686,050
2023–2046	19,475,520	27,655,887	47,131,407
	25,847,655	34,232,385	60,080,040

8. ACCUMULATED SURPLUS

Accumulated surplus is represented by:

	2017	2016
Unappropriated Deficit	(18,802,718)	(19,059,603)
Reserve Funds—Cash (Note 9)	76,009,145	74,182,196
Investment in Non-Financial Assets	466,619,351	445,497,423
	523,825,778	500,620,016

The unappropriated deficit is the amount of accumulated surplus remaining after deducting the various appropriated surplus balances and the investment in non-financial assets.

Reserve funds represent a portion of the accumulated surplus that has been set aside by Council for specified purposes. In the normal course of operations, these funds will be used to finance the services or the capital projects for which they have been appropriated.

Investment in non-financial assets represents the net book value of the District's non-financial assets including the Library Foundation's non-financial assets less any capital debt. In the normal course of operations, non-financial assets excluding Library Foundation Restricted Investments, will be used to provide services, and debt will be repaid by future tax revenues.

9. RESERVE FUNDS

Individual statutory and non-statutory reserve funds have restrictions and conditions as follows:

Statutory Reserves

(a) Endowment Fund

The Endowment Fund is subject to a minimum threshold as established in District's Endowment Fund Bylaw and adjusted annually for inflation using the annual Provincial Consumer Price Index. The amount of the threshold at December 31, 2017 was \$23,517,599 (2016: \$22,947,141). The balance in the fund at December 31, 2017, was \$30,763,735 (2016: \$31,880,819). On January 8, 2018 Council amended the Endowment Fund to set the threshold value at \$18,000,000. The reserve may be used to pay for the acquisition or construction of major capital projects or the reduction of municipal debt incurred for acquisition or construction of major capital projects.

(b) Youth Activity Reserve Fund

This fund is subject to a minimum threshold as established in the District Youth Activity Fund Bylaw and adjusted annually for inflation using the annual Provincial Consumer Price Index. This fund is used for capital projects or

programs undertaken by the District or community groups for the benefit of youth in the community. The amount of the threshold at December 31, 2017 was \$537,490 (2016: \$521,329). The balance in the fund December 31, 2017 is \$555,062 (2016: \$550,329).

(c) Public Arts Reserve Fund

This fund was established in 2016 and is used for the purpose of creation, maintenance, and preservation of public art in the District of West Vancouver and furthering the goals of the District's public art program.

(d) Capital Facilities Reserve

The Capital Facilities Reserve is to be used for creation and maintenance of facilities to deliver municipal services; planning works for designing or enhancing District owned/occupied buildings; and acquisition of land and improvements for use in delivering services in the District.

(e) Capital Infrastructure Reserve

This fund is designated for ongoing maintenance and replacements of existing infrastructure.

(f) Capital Equipment Reserve

This fund is to be used for heavy equipment, general equipment and information technology and communications equipment.

(g) Water Reserve Fund

This fund may be used to finance the acquisition or construction of water system works, repay debt and interest, and contribute to the stabilization of District water rates.

(h) Sewer & Drainage Reserve Fund

This fund is intended to be used for infrastructure capital expenditures related to sewer and drainage, or to reduce outstanding debt.

Non-Statutory Reserves

(a) Amenity Contributions Fund

Developer contributions received by the District, for the purpose of improving the quality of life in the community, are held in the Amenity Contributions Reserve. The funds may be secured under the *Local Government Act*, as a term of the sale of District-owned land or by other means, and fall within a broad range of categories.

(b) Operating Reserves

Operating Reserves are intended for one-time operating expenditures that may occur from time to time, and may be expended within general budgetary authority.

(c) Capital Reserves

These reserves are designated for the periodic replacement of specified assets or retirement of debt.

(d) Borrowed Funds: Police Services & Municipal Hall building

This fund holds unused MFA debt proceeds for the new public safety building. The building is close to completion at the end of 2017.

(e) Operational Reserve

Operational Asset Reserve is to be used for items that may not be capital in nature but still require replacement on a periodic basis.

(f) Solid Waste Reserve

Net revenues/expenses from solid waste operations are transferred to/from this fund annually. This reserve is used as a contingency for landfill remediation and rate stabilization should solid waste collection costs increase.

(g) Golf Development Reserve

Net revenues/expenses from golf operations are transferred to/from this fund annually. These funds are designated for golf course development generally, and may be expended within general budgetary authority.

(h) Cemetery Development Reserve

Net revenues/expenses from cemetery operations are transferred to/from this fund annually. These funds are for cemetery development generally, and may be expended within general budgetary authority.

10. COMMITMENTS AND CONTINGENCIES

(a) Legal Actions

The District is currently involved in certain legal actions. Financial implications of potential claims against the District, resulting from such litigation, and that are not covered by insurance, are accrued to the extent that amounts can be reasonably estimated. Otherwise, such claims are recognized in the year in which a definitive obligation is determined. One such action is that CN Acquisition Limited has commenced legal proceedings against the District claiming that use of the Centennial Seawalk constitutes illegal trespass. The District is opposing CN's legal action. The outcome of this action is not determinable and no reasonable estimate of potential liability can be made.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS *continued*

For the Year Ended December 31, 2017

(b) Municipal Pension Plan

The District and its employees contribute to the Municipal Pension Plan (a jointly trustee pension plan). The board of trustees, representing plan members and employers, is responsible for administering the plan, including investment of assets and administration of benefits. The plan is a multi-employer defined benefit pension plan. Basic pension benefits are based on a formula. As at December 31, 2017, the plan has about 193,000 active members and approximately 90,000 retired members. Active members include approximately 894 contributors from the District.

Every three years, an actuarial valuation is performed to assess the financial position of the plan and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plan. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plan. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

The most recent valuation for the Municipal Pension Plan as at December 31, 2015, indicated a \$2,224 million funding surplus for basic pension benefits on a going concern basis. As a result of the 2015 basic account actuarial valuation surplus and pursuant to the joint trustee agreement, \$1,927 million was transferred to the rate stabilization account and \$297 million of the surplus ensured the required contribution rates remained unchanged.

The district paid \$6,991,390 (2016: \$6,586,828) for employer contributions while employees contributed \$5,636,589 (2016: \$5,313,631) to the plan in fiscal 2017.

The next valuation will be as at December 31, 2018, with results available in 2019.

Employers participating in the plan record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plan records accrued liabilities and accrued assets for the plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plan.

11. LONG-TERM LEASES

The District has entered into agreements related to the lease of District property, for periods from 30 to 125 years. Lease proceeds are recognized based on the terms of the specific leases which are as follows:

(a) 14th Street: Duchess to Esquimalt, Ambleview Place Housing Co-operative

Included in Other Trust Funds (Note 16) are lease payments received related to District-owned land. These amounts will not be available to the District until the end of the lease period, February 28, 2047. Upon expiration of the lease, the District has committed to pay to the lessee an amount equal to the sum of the then value of the principal shares held by the members of the co-operative. This payment is anticipated to be less than the cumulative deferred proceeds at the termination of the lease.

The premises will revert to the District upon the expiration of the term.

Proceeds are to be received in annual amounts varying from \$5,040 to \$20,160 (currently \$11,760) until the year 2047. At December 31, 2017, the cumulative amount deferred totalled \$364,456 (2016: \$349,589).

(b) 320 Taylor Way

The District receives annual lease proceeds of \$125,000 (plus an adjustment for inflation starting in 1999) to the year 2087. The net proceeds are transferred to the Endowment Fund.

(c) Community Centre

The District leases 19,529 square feet of custom-designed space at the West Vancouver Community Centre under a long-term lease agreement to Vancouver Coastal Health Authority. The lease commenced May 1, 2009, with the following terms:

Term: 30 years, with one 10-year renewal option

Annual rentals are as follows:

Years 1-10: \$629,810 or \$32.25 per square foot

Years 11-20: \$744,250 or \$38.11 per square foot

Years 21-30: \$995,002 or \$50.95 per square foot

plus a proportionate share of defined operating and maintenance costs.

Certain other spaces in the West Vancouver Community Centre are covered by commercial third party rental and leasing agreements with varying terms.

(d) Wetmore Lands

In 2011, the District entered into an agreement with Pacific Arbour Retirement Communities to develop land at the northwest corner of Marine Drive and 22nd Street, known as the Wetmore Lands. Under the agreement, Pacific Arbour prepaid \$14.5 million for a 125-year lease of the property and paid the District \$500,000 towards the development of the park adjacent to the property. The lease proceeds were received in 2011, at the conclusion of a public consultation process, and after rezoning and development approvals had been obtained.

13. SEGMENTED REPORTING

The District is a diversified municipal government institution that provides a wide range of services to its citizens. For management reporting purposes, the activities are organized and reported by Fund. These Funds include General, Water, Sewer, Solid Waste, Cemetery and Golf. The Funds were created to attain certain objectives in accordance with special regulations, restrictions or limitations.

The following are the activities/services provided by each of the segments reported on:

General Fund

GENERAL GOVERNMENT

Finance and Administration functions of the District include: Support to Council, Legislative Services, Communications & Community Relations, Emergency Program, Human Resources, Payroll Services, Taxes & Utilities, Information Technology, Purchasing & Risk Management and Facilities & Asset Management.

PUBLIC SAFETY

Bylaws and law enforcement and protection of persons and property by Police, Fire & Rescue and Bylaw Services.

ENGINEERING & TRANSPORTATION

Maintenance of streets, roads and sidewalks; street and traffic signs; signals and lighting; snow removal and sanding.

PLANNING, LANDS & PERMITS

Community and land use planning; development issues including the processing of rezoning applications, development permits and development variances; building permit review and inspections.

RECREATION & LIBRARY

Development and maintenance of the District's open spaces, parks, and other landscaped areas; maintenance and operation of recreational facilities; development and provision of recreational programs and operation of the West Vancouver Memorial Library; cultural programs and special events.

Water Utility Fund

Operation of the local membrane filtration facilities at Eagle Lake and at Montizambert Creek, and distribution of water from both Eagle Lake and Metro Vancouver to residents.

Sewer Utility Fund

Provision of sanitary sewer collection and storm drainage management includes the provision of, and maintenance of: pipes, manholes, culverts and sewage lift stations. Sewage treatment is provided by Metro Vancouver.

Solid Waste Fund

Administration of contracted services for the collection and disposal of the following: household garbage, yard trimmings and recyclables.

Cemetery Fund

Operation of the Capilano View Cemetery.

15. 2017 BUDGET ADJUSTMENTS

The budget amounts presented throughout these financial statements are based on the Budget (referred to as the Financial Plan in the legislation) approved by Council April 3, 2017, with the exception of the budgets for tangible capital asset related expenses (maintenance, amortization, write-downs and loss on disposal). The budgets for the tangible capital asset expenses are deemed to be equal to actual expenses. This exception was made in order to improve the comparability of the budget amounts with the actual amounts given that these items are non-cash and accordingly are not required to be funded under the legislation.

The table below shows the adjustments made to the 2017 Budget values with the addition of the budgets for tangible capital asset expenses. The adjusted budget values are then comparable to the 2017 actual values, and are the budget values shown in the Statement of Operations and the Statement of Net Financial Assets.

16. TRUST FUNDS

The Cemetery Care Fund is restricted by legislation as to principal amount; interest earnings are available for ongoing maintenance of cemetery grounds as required. Other Trust Funds include funds for various seniors' clubs, community projects and library bequests. The District excludes trusts it administers from consolidated financial statements.

17. MEMBERSHIP IN E-COMM EMERGENCY COMMUNICATIONS FOR BRITISH COLUMBIA INCORPORATED (E-Comm)

The District is a member of E-Comm, an organization comprised predominantly of member municipalities, for the purpose of providing emergency and dispatch services. The District is represented on the Board and, as a Class A shareholder, has voting rights should the organization want to incur debt. The E-Comm facility was constructed using debt as a financing mechanism. Members are liable for their proportionate share of that debt with debt being repaid by members through annual fees charged by E-Comm. Should E-Comm dissolve, members would be liable for a proportionate share of any residual debt. Alternatively, should a member choose to opt out of E-Comm, they would be liable for a proportionate share of the debt at the time of withdrawal. The District holds two Class A shares, and one Class B share.

18. COMPARATIVE FIGURES

Certain of the comparative figures have been reclassified to conform to the financial statement presentation adopted in the current year.

19. CHANGE IN ACCOUNTING POLICY

During 2017 the District re-evaluated the control it held over West Vancouver Memorial Library Foundation and determined that it did have the ability to control appointment of directors and thereby ultimately control the Library Foundation. PSAS requires that controlled entities be consolidated into the operations of the government. Moreover, the District determined that this control has existed since establishment of the Library Foundation and therefore the comparative figures should also be adjusted. These financial statements have been retroactively restated to consolidate the Library Foundation. The table below outlines the impact this had on the comparative figures presented:

	2016 Consolidated	2016 Reported
Beginning accumulated surplus	484,551,371	480,495,438

Five-Year Financial & Statistical Review

West Vancouver Population Estimates

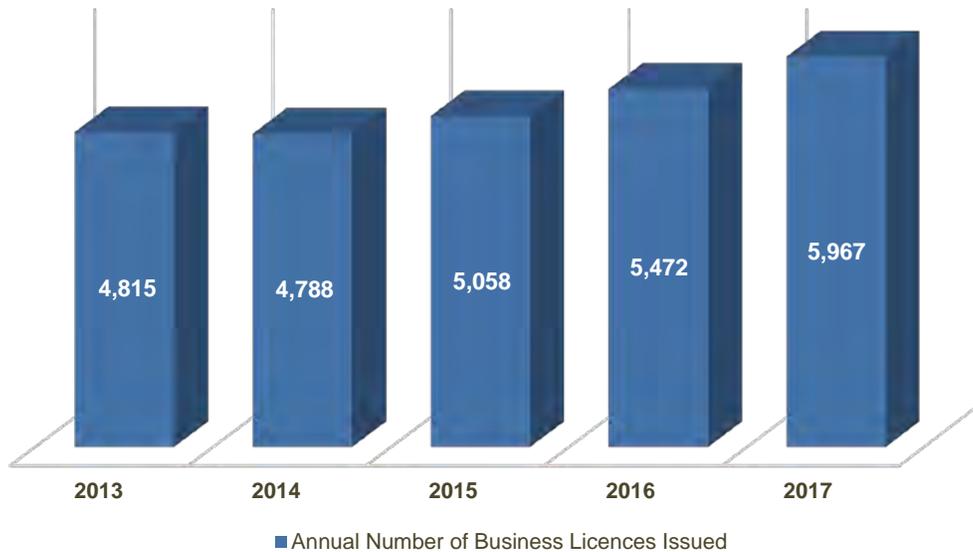

Source: BC Stats (2013-2017); Canada Census (2011 & 2016)

Population statistics are provided by the 2011 and 2016 federal census. In years when no census takes place, BC Stats, a provincial agency, provides population estimates, which are replaced every five years by the census. Based on comparing the 2011 census to the 2016 census, the population in West Vancouver has decreased by 225 persons in the most recent five-year census period.

Business Licences

Building Permits - Construction Value

Source: District of West Vancouver Building Department

Construction activity trended down in West Vancouver in 2017. The majority of building permits issued in 2017 were for residential single family construction. Of the 660 building permits issued in 2017, 537 were for demolition, alterations or additions and new construction of single family homes; 1 permit was issued for construction of multi-residential. The remaining 122 permits issued were for commercial, government and institutional buildings, and swimming pools and hot tubs.

Permit Fee Revenue

Source: District of West Vancouver, Financial Services

Permit fee revenues and the number of inspections performed in 2017 decreased slightly, in conjunction with decreased construction activity. As illustrated in the graph above, building permit revenues generate the majority of permit revenue. Building permit revenues are based on construction value.

ASSESSMENT & TAXATION

Five-Year Financial & Statistical Review

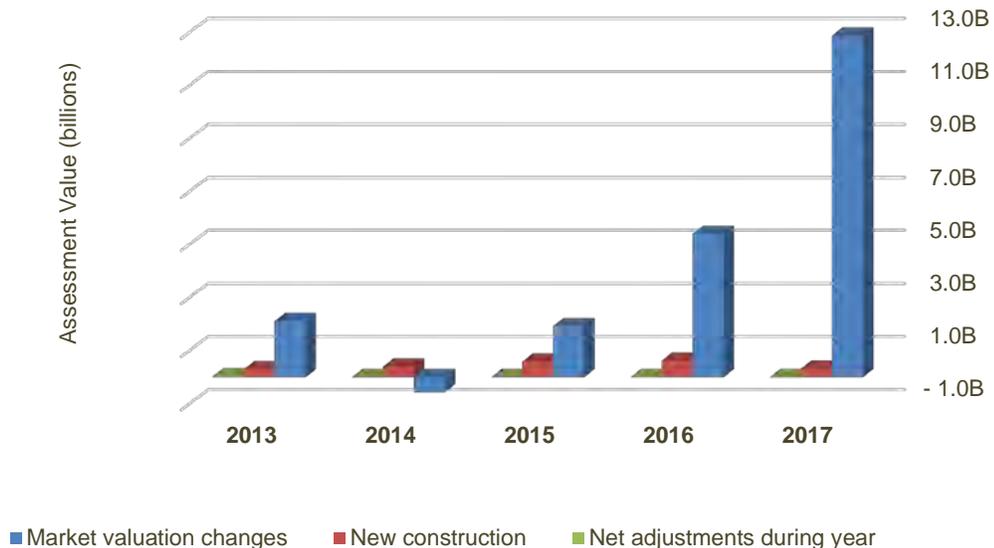

Assessment by Property Class

Source: BC Assessment

Annual Assessment Growth

Source: BC Assessment

The District of West Vancouver relies primarily on the residential class for taxation revenue. There is a relatively small amount of business property, and virtually no industry, utility or recreational class property in West Vancouver. The annual change in assessed values has been primarily driven by market valuation changes and to a lesser degree by new construction. Market valuation changes do not result in additional taxation revenue, but do cause the tax burden to shift to properties that experience the highest increase in value.

2017 Residential Tax Rates Metro Vancouver Municipalities

Source: Ministry of Community, Sport & Cultural Development
(tax rate per \$1,000 assessed value)

The residential class accounted for approximately 93% of property tax revenue collected in 2017. The business class accounted for most of the remaining 7%. Utilities and recreation class properties contribute less than 0.1% of all property tax revenue. As illustrated above, the District of West Vancouver had the lowest municipal tax rate in the region for residential class properties in 2017. Property assessments were also higher when compared to other Metro Vancouver municipalities.

Property Tax Collections

Source: District of West Vancouver, Financial Services

Approximately one half of taxes collected from residents are on behalf of other taxing authorities. Provincial legislation requires municipalities to collect taxes levied for Provincial School Tax, Regional Transit, BC Assessment Authority, the Regional District and Municipal Finance Authority. The taxes collected are remitted to the respective taxing authorities on a flow-through basis.

Salaries and benefits represent 54% of total expenditures. Salary costs are largely driven by the level of services provided and collective agreement provisions. The municipality administers separate collective agreements for Fire, Police and other municipal services. The District has taken on more staff over the past five years to supply additional program services, the cost of these staff is partially offset by increased non tax revenue. The annual increase in wages has averaged 2-2.5% for the past five years. The largest impact on non-salary operational goods and services costs come from inflation, level of service provided, and US dollar exchange rates.

Expense by Fund

Source: District of West Vancouver, Financial Services

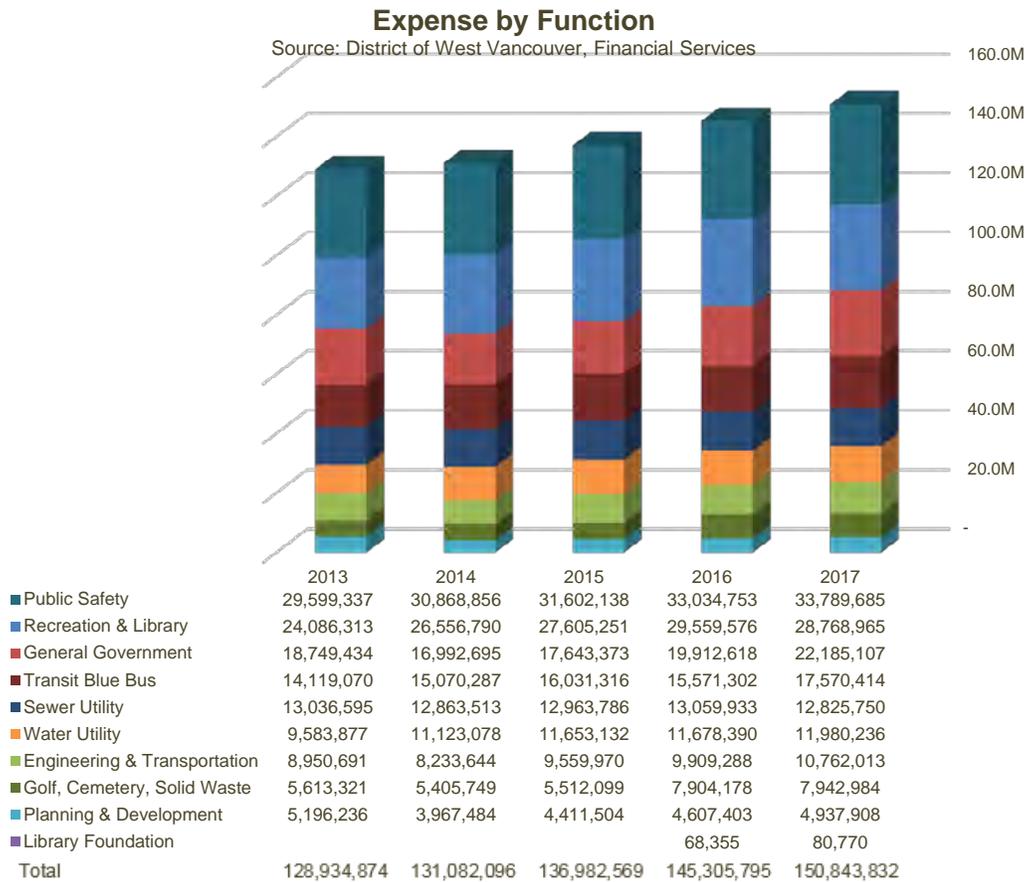

The District has incurred significantly more expense in the past five years, due primarily to hiring additional staff to meet public demand for service in public safety, public work, recreation and library programs. Increase in fees and charges and other revenue funded almost one-half of this increase, taxation revenue increase funded the balance.

In 2017, Public Safety and Recreation & Library services represented 41% of all expenditures for the District. West Vancouver residents place high value on public safety which includes Police, Fire & Rescue and Bylaw Services. The cost of providing public safety to residents is \$2.11 per-day per-resident. The total cost of all services received by residents on a per day per-resident basis is \$8.33.

Debt Service Limits

Source: District of West Vancouver, Financial Services

West Vancouver has historically taken a conservative approach to debt, borrowing mainly for revitalization projects in Ambleside and Dunderave, water utility infrastructure improvements and more recently for the Police Services & Municipal Hall building (2017). Debt payments for the Police Services & Municipal Hall building are funded by the Endowment fund. Debt servicing costs represent annual debt interest and principle payments.

In the chart above, the annual debt service limit represents the maximum amount of debt servicing costs the District of West Vancouver can legally take on, based on annual revenues. The assent free zone represents the amount of debt servicing costs that can be incurred without elector referendum.

Consolidated Surplus, Reserves and Development Cost Charges

The net financial assets measure is an indicator of the amount of past revenues available to pay for future transactions and events, and is calculated as the value of the District's financial assets less liabilities. The District's net financial asset balance of \$23 million at the 2017 year end reflects a \$2.5 million decrease over the 2016 year end balance.

Reserves consist of statutory and nonstatutory reserves. As of the end of 2017, statutory reserves are comprised of:

- Capital Facilities Reserve
- Capital Equipment Reserve
- Capital Infrastructure Reserve
- Endowment Reserve
- Public Arts Reserve Fund
- Sewer & Drainage Reserve Fund
- Water Reserve Fund
- Youth Activity Reserve

Statutory reserve ending balances for 2017 total \$43 million and represent 56% of the total reserves balance of \$76 million. The remaining 44% is comprised of community amenity contributions received, various operating and capital reserves, tied to a specific function, and the Cemetery Development Fund. The unappropriated deficit represents internal borrowing undertaken to finance the construction of the West Vancouver Community Centre, Eagle Lake Water Treatment Facility and the Gleneagles Clubhouse Building.

The 2017 capital program expenditures for the General Fund totalled \$29 million. Significant expenditures in the Parks & Grounds program in 2014 and 2015 included acquisition costs for properties acquired to expand Ambleside Park, funded from Community Amenity Contributions and Surplus & Reserve Funds and developer-contributed park land in the Upper Lands. The spike in the 2014 Facilities and Maintenance program expenditures was a consequence of the acquisition of the Vancouver Coastal Health property on Gordon Street, which was funded from Reserves. The 2015 and 2016 Facilities Maintenance Program included construction costs for the new Police Services & Municipal Hall building which was completed in 2017. Expenditures for this project were funded primarily through borrowing.

The *Community Charter* makes provisions for exempting, at Council's discretion, certain categories of property from taxation. In West Vancouver, such exemptions have been tightly controlled in order to constrain erosion of the assessment base. Current practice only allows for exemptions for senior citizen housing projects built with provincial assistance that do not fall within the exemption provisions of section 224(2)(h) of the *Community Charter*, for the Royal Canadian Legion, and for land surrounding buildings for public worship and other necessary ancillary buildings.

CORPORATE SUSTAINABILITY INDICATORS

2017 SUMMARY

Five-Year Financial and Statistical Review

Council adopted the *Corporate Energy & Emissions Plan* in 2016. Reporting on key elements helps track progress and support actions to improve sustainability.

The environmental impacts from the District of West Vancouver's (DWV) operations are, in large part, related to the operation of buildings, infrastructure, vehicles and equipment.

REPORTED GREENHOUSE GASES

As part of the requirements for the provincial Climate Action Charter, the District reports on corporate greenhouse gas emissions (GHGs) annually. By definition, the scope of this reporting only includes services traditionally provided by a municipality, though these include the majority of emissions from the District's operations.

OUR BLUE DOT CAMPAIGN COMMITMENT

SUMMARY OF ACTIONS

Five-Year Financial and Statistical Review

On July 20, 2015, The District of West Vancouver (District) signed onto the Blue Dot Campaign, a declaration recognizing the right to a healthy environment. This campaign was initiated by the David Suzuki Foundation with the ultimate goal of entrenching basic environmental rights in the Canadian constitution. To date, 149 Canadian municipalities have joined the campaign.

The key aspects identified in the Blue Dot Campaign are:

- 1) the right to breathe clean air
- 2) the right to drink clean water
- 3) the right to consume safe food
- 4) the right to access nature
- 5) the right to know about pollutants and contaminants released into the environment
- 6) the right to participate in decision making that will affect the environment

The District has and continues to participate and/or support efforts that relate to these areas either directly or through membership in the Metro Vancouver Region. A high-level summary of efforts by the District is summarized below.

1) THE RIGHT TO BREATHE CLEAN AIR

- Metro Vancouver's Air Quality and Climate Change group measures air quality continuously using a network of air quality monitoring stations. When conditions warrant, air quality advisories are issued. An overall approach to air quality exists in the *Integrated Air Quality and Greenhouse Gas Management Plan* developed in October 2011.
- An interim bylaw to limit the removal of large trees was passed by the District in 2016 and a working group of residents is currently reviewing existing tree policy.
- The District's *Strategic Transportation Plan* supports shifting transportation from single occupant driving to lower carbon and less polluting modes of travel.
- The District's *Community Energy & Emissions Plan* includes monitoring and reporting.

2) THE RIGHT TO DRINK CLEAN WATER

All of the District's drinking water originates from the North Shore's mountains with almost 50% supplied by two drinking water treatment plants in West Vancouver and the balance supplied by Metro Vancouver. Specific measures related to providing clean drinking water are:

- Domestic water is treated as per requirements in the provincial government's *Drinking Water Protection Act*.
- Conservation measures undertaken by the District help conserve the drinking water supply.

3) THE RIGHT TO CONSUME SAFE FOOD

While food safety does not fall under the jurisdiction of municipal governments, the District participates in:

- the *North Shore Community Food Charter* (2013), which outlines a vision and principles around an integrated food system for the North Shore
- the *Healthy Communities Partnership/Memorandum of Understanding* with Vancouver Coastal Health (2015) supports healthy built environments including local food systems
- the North Shore Table Matters Network, a group of organizations working together to connect grassroots action to policy work and organizational change (this group prepared the *North Shore Community Food Charter*). Encourage and support local farming by providing space for Farmers' Markets and food preservation workshops.

4) THE RIGHT TO ACCESS NATURE

West Vancouver has 140 parks distributed throughout the municipality and supports the enhancement of natural spaces.

The *Parks Master Plan* was developed in 2012 with input from the community and sets the direction for the management, protection, and enhancement of West Vancouver's parks and open spaces.

- In 2014 a significant amount of forest land was dedicated to create Whyte Lake Park.
- The *Access and Inclusion Policy* (2009) speaks to implementing, maintaining and enhancing accessibility on District property.
- The *Upper Lands Working Group* produced a report with core values that included: enhancing recreation opportunities and the lifestyle and heritage associated with outdoor living.
- Council adopted the trails plan which provides guidance for decisions about trails in West Vancouver and a framework for moving forward on several trails-related topics that were identified by the community.

5) THE RIGHT TO KNOW ABOUT POLLUTANTS & CONTAMINANTS RELEASED INTO THE ENVIRONMENT

The District's *Pesticide Use Control Bylaw #4377*, 2004 restricts the use of pesticides for cosmetic purposes. This Bylaw was adopted in 2004 and updated in 2015 and 2018.

- The District's current and long-standing practice is not to use pesticides for cosmetic purposes on sports fields, lawns, flowerbeds or street trees.
- The Gleneagles Golf Course and Ambleside Par 3 Golf Course use pesticides only when necessary and on a limited basis to control fungal disease on greens and tees. The golf courses continue to implement integrated pest management practices to limit pesticide use. The District of West Vancouver's Gleneagles Golf Course has been given Audubon International's designation as a *Certified Audubon Cooperative Sanctuary*. Only 14 golf courses in British Columbia have the designation, which requires a golf course to demonstrate that it maintains high environmental standards in environmental planning, wildlife and habitat management, reduced use of chemicals, water conservation and more.
- The use of pesticides to control invasive plants is only done when other control methods are not effective, feasible or are considered to be more harmful to the environment than the use of pesticides. To date the only invasive plant that has been chemically treated in the District of West Vancouver on public land is knotweed. The treated knotweed sites are well signed in advance and post-treatment.
- The *Watercourse Protection Bylaw* speaks to remedies if a prohibited substance enters a watercourse.
- Water management plans are currently being developed for parks and sports fields.

6) THE RIGHT TO PARTICIPATE IN DECISION MAKING THAT WILL AFFECT THE ENVIRONMENT

The District undertakes consultation with its residents and often engages local stewardship groups to gain input on developing and implementing environmental plans.

- Current stewardship groups include Lighthouse Park Preservation Society, West Vancouver Streamkeeper Society, Old Growth Conservancy Society as well as a variety of smaller groups and interests that the District works with to enhance and protect the environment.
- The *Official Community Plan* review underway involves extensive community engagement and will have significant environmental implications.
- The *Local Government Act* which governs BC municipalities advises local governments to conduct business transparently and consult with the community on Official Community Plans.
- The District's *Community Energy & Emissions Plan* includes monitoring, reporting, and various engagement and outreach initiatives.
- Citizens are provided with an opportunity to guide and participate in waste management practices to the highest standard at facilities, in parks and at events.
